2 The Hon'ble the Resident is pleased to confirm the Municipal Commissiones resolution No 3, dated 31st October 1946, so far as it relates to grant of additional relief to sweepers and scavengers, subject to the condition that the expenditure involved is met from Municipal funds

3. It should be ascertained whether the Madras Corporation or the moffussil Municipalities in the Madras Province have sanctioned the additional relief to their servants over and above dearness and war allowances, and comparision, should be made of the rates of dearness and war allowances sanctioned by the Station Municipality with those sanctioned by the Madras Municipalities If on such a comparison, the Municipal - Commission still consider that these additional allowances mus be given to the other Municipal employees here, the Commissio still consider that these additional allwowances must be give to the other Municipal employees here, the Commission must meet them out of their own funds which, if short, must be increased either by reduction in expenditure or by increase of revenues The Hon'ble the Resident does not consider that in the matter of additional relief to the Municipal employees, the commission have any claim for a subsidy from Mysore Assigned Tract Revenues, the position of which is now unsatisfactory

4 The Hon'ble the Resident has noticed with concern the seious position of the Municipal finances and he considers that the Municipal Commission should postpone those commitments which are not inescapable
